

Quick Start Guide

4 Easy steps

Welcome to Interactive Immersive Classroom, this quick start guide will take you through the basics of setting up your user accounts. To begin you will need the User Login & Password provided to you in your welcome email

*Scan the QR code For the Full online User guide

https://user.immersiveclassroom.cloud/guide/iic_user_guide_feb_21.pdf

***Please read the main user manual before operating your device and keep it for future reference.**

1 Access the iPad App

There are 2 ways for you to Login for the first time, either through the App or Web portal. The iPad App can only be used within your Immersive Classroom space, the web portal allows you to login from anywhere in the world to create and pre-plan your lessons.

IMI iPad App

IMI iPad App

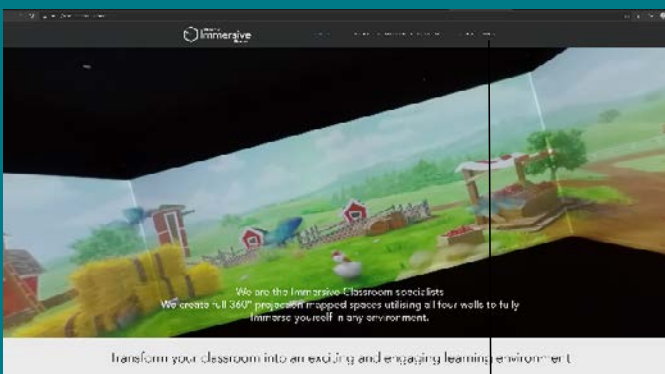

Insert username & password

**User credentials are not intended to be shared amongst different users. This can cause administrative and technical issues when one users account is logged into on multiple devices*

2 Access the Web Portal

IMI Web Portal

IMI iPad App

IMI iPad App

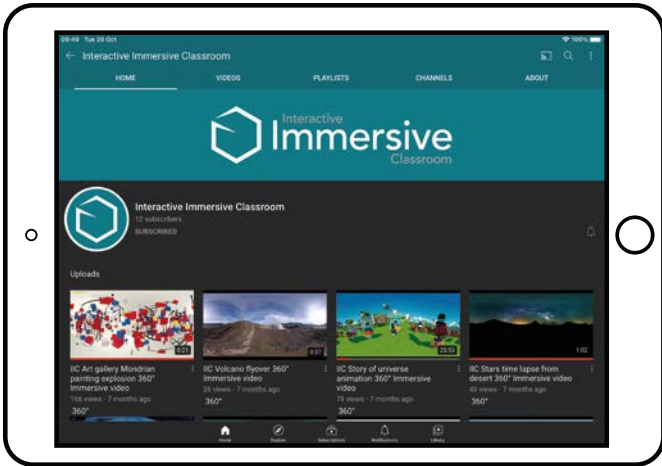

Login to portal www.immersiveclassroom.one

However you first choose to login we highly recommend all users change their auto generated password before you use the App/Portal for the first time.

**User credentials are not intended to be shared amongst different users. This can cause administrative and technical issues when one users account is logged into on multiple devices*

3 Streaming Accounts

Live streaming content allows you to access online 360° footage utilising the apps in-built 360 stream button to cast content within your room. We recommend you take some time to set up a Youtube account for yourself and for your organisation. Once in the immersive classroom space you can easily find your personal youtube channel content, or use the organisations master channel.

The staff at IIC are searching the internet everyday looking for exciting new teaching content to curate into play-lists, so why not try following our YouTube account and check back daily for lots of new exciting videos.

Direct Link to our channel -

<https://www.youtube.com/channel/UCPtMJn2Sz-S1OleFQsznpvIQ>

*Subscribing to our channel and then cherry picking our videos to pop into you own playlists from home or work, and then reviewing them when you have acces to the room is by far the most streamline way of pre-planning what you will be teaching in the room.

**We recommend you are logged in to a global school use Account to allow for sharing of lessons between teachers*

4 Room Booking System

**Some shared usage Immersive spaces require an online booking system, if this is something you have requested as part of your Classroom package then please read further....*

Additional to your welcome Email you will be sent a request to Join Roomzilla, which is the online room booking solution we use. Its as simple as following the email and link instructions to make your password >Fig : 1 >Fig :2

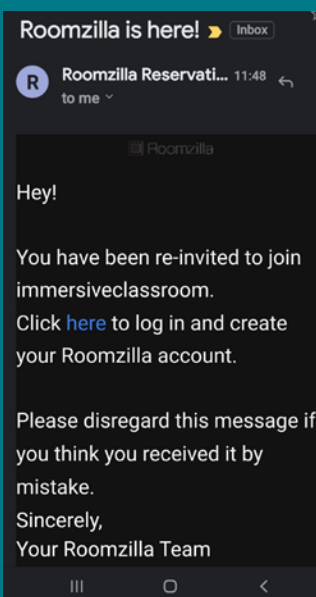

Fig : 1

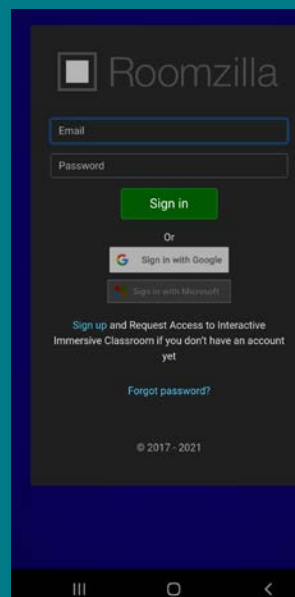

Fig : 2

After login you will be given a short tutorial of how to book a time slot in your room. Booking a time slot is a simple as dragging the curser across the calendar blocking out available time slots.
